

DOCKET NO. SC11767TC

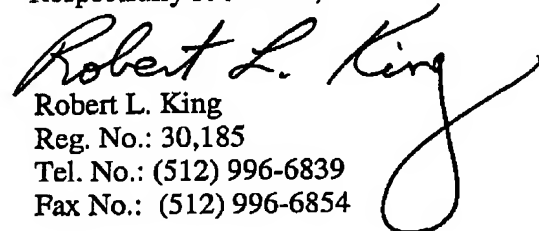

## REMARKS

In an Office Action mailed June 10, 2003, pending claims 1-19 were made the subject of an election. Two inventions were identified. In response Applicants are herein electing claims 1-9 and canceling claims 10-19 wherein the right to file a subsequent divisional application claiming the non-elected invention is reserved. Consistent with the election of inventions, Applicants are presenting new claims 20-26 related to the elected invention and of differing scope than elected claims 1-9. Because the total number of claims in this application remains less than twenty and the total number of independent claims remains no greater than three, no additional fees are required.

No amendment of inventorship is herein required as a result of this election. Although no additional fees are required as a result of the requested amendments, Applicants continue to authorize the charging of Deposit Account No. 502117 for any amount that is owed in connection with this application.

Applicants respectfully request consideration of the amendments and the allowance of claims 1-9, thereby placing the application in condition for allowance. Should issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at (512) 996-6839.

Respectfully submitted,
